Milwaukee battery saw machine C18 HZ

Patented Anti-Vibration System (AVS) for excellent comfort. The contra weight mechanism reduces vibrations to a minimum and increase life span. The powerful motor manages 0 – 3,000 saw movement.

Complete with 2 batteries and charger.

Due to the very compact size (length only 375 mm), low weight and the lack of cords, this machine is ideal for working in confined and difficult to reach areas.

Properties:

- Patented Milwaukee FIXTEC-system for easy and rapid switching of the saw blades.
- Work time indicator – LED's indicate remaining work time with the battery.
- 20 mm saw range for optimum control with a saw frequency of 3000/min.
- Contra weight system reduces vibrations and increases life span.
